

## Summer Hill Snow Removal

Each year, the HOA contracts with a company to remove snow from Summer Hill sidewalks if we get 2" or more of snow and the temperatures are expected to remain well below freezing. Summer Hill HOA snow removal includes the following areas:

1. All sidewalks that parallel the streets in patio home areas, large lot areas, and common areas.
2. The concrete path bordering the West Entrance pond that connects Summer Hill to Paradise Hills.
3. Areas in front of mailbox kiosks.

Please, **only HOA Snow Removal Coordinators are authorized to contact the company that is contracted to do the work!!**

HOA snow removal **does not include** homeowner driveways, patios, walkways, etc. If you wish to hire someone to shovel your driveway or patios at your own expense, please feel free to do so.
